

**MEDICAL
DIMENSIONS
INCORPORATED**

Thank you for your interest in joining the Medical Dimensions, Inc. panel of Physicians and Ancillary Health Providers. MDI is a physician-owned, for-profit corporation representing over 430 independently practicing physician members in Santa Clara County. MDI, incorporated in January 1991, is an organization which strives to enhance its members' ability to successfully serve the residents of Santa Clara County under a wide variety of formats: independent practice, group practice and hospital –based practices. MDI provides its physician/members and ancillary healthcare providers with contracting services for 17 PPO and 10 Workers Compensation products. MDI contracts on behalf of its members with payors based on an attorney-in-fact fee schedule. This minimum fee schedule helps MDI physician members maintain a reasonable and market competitive compensation for physician services in our highly volatile healthcare market. All MDI physicians are on the active staff of five area hospitals in Santa Clara County.
